## 1. Introduction

The Library Regulations have been approved by the Schools Governing body, with the aim of giving all students the opportunity to make full use of the School's valuable library resources. The regulations are in place to guide users and assist them in using the resources to support their academic development. The Regulations describe what we expect of you in your dealings with the Library. Equally, they show what you may expect from us.

## 2. Fairfield School of Business (FSB) Library Service

The aim of the Libraries based at FSB campuses is to provide students with a welcoming environment and access to a collection of up-to-date and relevant academic resources designed to support independent learning and research. Students can read and borrow a range of books, access newspapers and journals and make use of photocopying, and printing services (within the bounds of our copy write guidelines). Students can also make use of library IT facilities dedicated for the purposes of research, assignment submission or accessing lecture notes.

A library or learning resources facility will be available on each of our campuses (please note that opening times may vary). Approachable, knowledgeable staff are on hand to assist students in using library services or trying to locate research materials.

The library staff work closely with academic teams to ensure that collections of printed and electronic materials are up to date and aligned to programme-specific research briefs and match recommended reading lists. Tutor Librarians are available to deliver workshops that include; Harvard Referencing and plagiarism.

Alongside this, students have access to a range of workshops to aid in the development of their academic and research skills.

### **Resources**

The FSB Campus library facilities have an extensive collection of printed books, which are organised and labelled into subject area. Extensive online research materials are available through FSB's EbscoHost database subscription. FSB students will also have access to the partner universities on line library and resources.

The School is continually expanding its collection of books and electronic resources especially in relation to the requirements of partner Universities. The School will seek to improve the accessibility of its services. Campus Library facilities include study desks, computers with access to the Internet and Microsoft Office programmes. Students will also have access to an all-in-one printer, photocopier and scanner.

### **E Resources**

All staff and students will be able to set up an FSB Connect account through which they can access a variety of journals through EbscoHost, Bookboon, Free Management Library and the Free Library and all course related material. Students can access this service from home.
