- Education and Society
- Being Human in a Digital World

Year 1 - Level 4

- Developing as a Computer Scientist
- Programming Fundamentals
- Fundamentals of Web Design
- Database Design & Development
- Fundamentals of Systems & Networking
- Object Oriented Programming & Data Structures

Year 2 - Level 5

- Creative Computing
- Advanced Web Development
- Cyber Security
- Machine Learning
- Robotics & Computer Vision
- Industry Project

Year 3 - Level 6

- Project
- Deep Learning
- Game Design & Development
- Cloud Application Development
- Internet of Things

Entry Requirement

Application based on Previous qualifications:

If you are applying based on your previous qualifications, you will usually have achieved a minimum of 90 credits from a Level 3 qualification such as A Levels or BTECs.

Mature learners (Aged 21+)

If you are applying as a mature learner (aged 21+) and do not have the above qualifications, you can apply via our assessment-based entry and we will consider your prior experiences (work, voluntary, life, and other experiences) that are relevant to the course.

You will be required to complete the following:

1. Provide a Personal Statement (500 words)
2. English Language Test (with a minimum 60% score, equivalent to IELTS 5.5)
3. Maths Test (Score 50%)
4. Complete an IT assessment
5. Applicants will also be invited to attend an Interview
