JOB FAIR TIPS

Job fairs are a great way to meet with employers and to network with fellow students.

Our tips for attending jobs fairs:

Dress appropriately

You don't need to be dressed in a formal suit, however you should make an effort to dress smartly avoiding wearing trainers and bright coloured footwear. Dressing appropriately can help make a great first impression!

Bring a large quantity of CVs

Many employers want to see your CV so bring lots of copies with you on the day. Remember to make an appointment with a Careers Consultant to have it checked in advance!

What to bring with you

Bring a pen and notepad just in case you need to quickly write down notes. This looks more professional than using your phone.

Prepare an introduction

Be friendly and introduce yourself, as this helps show you are approachable. Be ready to discuss your career goals, qualifications, work experience, hobbies and interests. Have a set of questions to ask employers about what you want to know about. For example, "What is it like to work there?"

On the day of the fair

Approach the job fair with an open mind as you may find out about different types of jobs. Be willing to approach unfamiliar employers as this may create new opportunities you had not considered before.

Complete a feedback form

Remember to complete a feedback form as this will help us improve future jobs fairs.

About us

A home care provider serving Leicester and Loughborough.

Vacancies / opportunities

Health Care Assistant and Senior Carer roles. The employer is promoting part-time roles, flexible work opportunities and apprenticeships.

Skills / experience required

Requirements depend on the care role. Relevant care experience or qualifications may be required for senior positions, while training may be available for some entry-level roles. Confirm current requirements with Walfinch.

Website

About us

Provides a free mental health service for people aged 16+ experiencing mild to moderate stress, anxiety, depression, sleep problems, phobias and related difficulties, for people living in Leicester, Leicestershire and Rutland who are registered with a local GP.

Vacancies / opportunities

The organisation plans to attend to help students and staff understand and access mental health support. This is primarily a service and support opportunity rather than a specific job vacancy.

Skills / experience required

Not applicable to a specific vacancy in the submitted information. Students can speak to the team about the service and any current career opportunities.

Website

About us

A not-for-profit organisation supporting businesses across the East Midlands.

Vacancies / opportunities

Self-employed opportunities were identified in the employer submission. Speak to the employer at the fair for current details and eligibility.

Skills / experience required

Requirements depend on the opportunity. Students should discuss the self-employed route, eligibility, expectations and any skills or experience needed directly with the Chamber team.

Website

<https://www.emc-dnl.co.uk>

About us

A major UK banking group with functions including retail banking, business and commercial banking, fraud, marketing and other specialist areas.

Vacancies / opportunities

Work experience, part-time, full-time and temporary/seasonal opportunities may be available across different functions. The employer submission notes that opportunities vary and recommends exploring the NatWest careers hub for current roles.

Skills / experience required

Requirements vary substantially by role and programme. Students should use the NatWest careers hub to review qualifications, skills and eligibility for each live opportunity.

About us

The British Army is the land warfare branch of the UK Armed Forces, supporting national defence and operations in the UK and overseas.

Vacancies / opportunities

More than 40 apprenticeship routes and a wide range of Army careers are available, including officer routes for degree-level candidates.

Skills / experience required

Entry requirements vary by trade and officer route and can include age, nationality/residency, medical, fitness and qualification criteria. Students should check the official Army careers site for the exact requirements for their chosen role.

Utility Warehouse

About us

Utility Warehouse (UW) provides multiple household services including energy, broadband, mobile/SIM services and insurance.

Vacancies / opportunities

Flexible, part-time and full-time self-employed Partner opportunities are being promoted. The employer describes the role as building your own business by helping customers simplify household services and potentially save money.

Skills / experience required

This is a self-employed opportunity. Students should discuss the business model, costs, responsibilities, earnings structure and any eligibility requirements directly with the representative before deciding whether it is suitable.
